

THREE RIVER DIGITAL

877-344-2845

In the neighborhood with..... Neil Classen

June 2010

With the nice amount of rain we have received thus far, everyone should be in a good frame of mind. Also, at this time the crops and pastures look very good.

We are still diligently working on our new Digital Tier programming package. Because of the high demand of DVR recorders, we are still having problems getting all of the equipment we'll need to have on hand when we start to offer the new Digital Tier. Good news is.....we have received our test set top boxes (STB's) , therefore we'll begin testing the new Digital Tier "in house" among our employees and a very small number of selected customers. Please watch for upcoming radio, newspaper, and TV advertisements.

If there are any services (telephone, internet, or video) that you may want to inquire about, please feel free to call the home office in Lynch toll free at: 877-344-2845 to talk to one of our friendly staff members. Or simply talk to one of our outside techs.

Again, if you have any questions or concerns, feel free to contact me at the Lynch business office at any time.

Sincerely,

Neil Classen
General Manager

Our office hours are:
8am to 5pm Mon- Fri
8am to Noon Saturday

After Hours: 1-866-569-1026

Attention Customers

Effective June 26th, 2010, Nebraska will be adding a 531 area code that will share the region of the existing 402 area code. The result of this addition will require all calls, even local calls, to dial the area code + 7-digit telephone number. Long distance calls will remain the same, dialing a 1 before the area code. Any residents bordering the states of South Dakota, Iowa, Missouri and Kansas will also need to dial the full 10- digit number to complete calls.

As mentioned before, the effective date of this change will be June 26th, 2010, however, the mandatory dialing period begins on February 26th, 2011. Between these dates, a permissive dialing period will still allow you to complete a local call using only the 7 digits, but will also allow calls to be completed with the 10 digits.

Starting March 26th, 2011, new telephone lines may be assigned numbers with the 531 area code if 402 numbers are no longer available in your area.

Things to remember:

- Your telephone rates will not change.
- You should still just dial 3 digits to reach 911, 811, 411, etc.
- Equipment that may need to be reprogrammed includes: security systems, internet dial-up numbers, life safety systems, fax machines, speed dialers, call forward settings, voicemail services, etc.

If you have any questions, you may contact the Nebraska Public Service Commission (NPSC) at 1-800-526-0017 or view their website at www.psc.nebraska.gov.

FOR THE KIDS

Keep your kids busy online with learning activities, games, etc. all free at clubpenguin.com

The Annual Three River Digital Customer Appreciation Days...

will be held in early fall this year. We will announce the dates at a later time.

Know what's below.
Call before you dig.

If you have information on a community event in your area and would like to have it published on the Three River website, you can do so by contacting Amy at 866-569-2666 or amy@threeriver.net.

Scholarship Winners

The winners of the \$500 Three River Digital Scholarships are: **Alyssa Homan** of Valentine, **Avery Schneider** of O'Neill and **Reilly Hoch** of Ainsworth. Congratulations and best wishes in your future successes. Thank you to all who participated.

The winner of a \$1,000 Foundation for Rural and Economic Development (FRED) scholarship is:
